The Honorable City Council of the City of Fresno, California

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fresno, California, (City) as of and for the year ended June 30, 2008, which collectively comprise the City's basic financial statements and have issued our report thereon dated February 25, 2009. We did not audit the financial statements of the Redevelopment Agency of the City of Fresno (Agency), a blended component unit of the City which represents approximately 4.9%, -6.8% and 5.4%, respectively, of the assets, net assets and revenues of the governmental activities, and we did not audit the financial statements of the City of Fresno Employees Retirement System and the City of Fresno Fire and Police Retirement System (collectively, the Retirement Systems), blended component units of the City, which represent 88.8%, 93.1% and -114.4%, respectively, of the assets, net assets and revenues of the City's aggregate remaining fund information. The financial statements of the Agency and the Retirement Systems were audited by other auditors, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Agency and the Retirement Systems of the City, are based on reports of the other auditors. Our report also included an explanatory paragraph on the implementation of new accounting standards. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Fresno's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose as described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal

control. We consider the deficiency described in the accompanying schedule of findings and questioned costs as finding 08-01 to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that the significant deficiency described above is not a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the City of Fresno in a separate letter dated February 25, 2009.

City of Fresno's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City of Fresno's response, and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the City Council, management, and others within the City of Fresno, and the City's federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

The Honorable City Council of the City of Fresno, California

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Program, Internal Control Over Compliance and on the Schedule of Expenditures of Federal and State Awards in Accordance with OMB Circular A-133

## Compliance

We have audited the compliance of the City of Fresno (City) with the types of compliance requirements described in the <u>U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement</u> that are applicable to each of its major federal programs for the year ended June 30, 2008. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of City of Fresno's management. Our responsibility is to express an opinion on the City of Fresno's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Fresno's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Fresno's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

# Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

#### Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fresno, California, (City) as of and for the year ended June 30, 2008, which collectively comprise the City's basic financial statements and have issued our report thereon dated February 25, 2009. We did not audit the financial statements of the Redevelopment Agency of the City of Fresno (Agency), a blended component unit of the City which represents approximately 4.9%, -6.8% and 5.4%, respectively, of the assets, net assets and revenues of the governmental activities, and we did not audit the financial statements of the City of Fresno Employees Retirement System and the City of Fresno Fire and Police Retirement System (collectively, the Retirement Systems), blended component units of the City, which represent 88.8%, 93.1% and -114.4%, respectively, of the assets, net assets and revenues of the City's aggregate remaining fund information. The financial statements of the Agency and the Retirement Systems were audited by other auditors, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Agency and the Retirement Systems of the City, are based on reports of the other auditors. Our report also included an explanatory paragraph on the implementation of new accounting standards. accompanying schedule of expenditures of federal and nonfederal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of City Council, management, and others within the City of Fresno, and the City's federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# Notes to the Schedule of Expenditures of Federal and Nonfederal Awards For the Year Ended June 30, 2008

#### Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal and Nonfederal Awards (the Schedule) presents the activity of all federal and nonfederal award programs of the City of Fresno, California (the City). The Schedule includes federal awards received directly from federal agencies, as well as federal awards passed through other agencies. The City's reporting entity is defined in Note 1 to the City's basic financial statements. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to, and does not, present the financial position or changes in financial position of the City.

#### Note 2: Subrecipients

Of the federal expenditures presented in the Schedule, the City provided federal awards to its subrecipients as follows:

	Federal				
Program Title Provided	CFDA Number	Amount			
Community Dayslanmant Block Court Entitlement December	14 210	e 114.550			
Community Development Block Grant Entitlement Program	14.218	\$ 114,552			
Emergency Shelter Grants	14.231	\$ 319,409			
HOME Investment Partnership Program	14.239	\$8,960,051			

#### Note 3: Section 108 Loans

The City has four (4) Section 108 loans outstanding at June 30, 2008. Semi-annual payments on these Section 108 loans are made from interest earned on the restricted loan investments and from Community Development Block Grant Entitlement funds and are included in the federal expenditures for the Community Development Block Grant on the Schedule. Principal and interest payments on all four (4) loans totaled \$547,531 for the year ending June 30, 2008 of which \$268,581 was paid from Community Development Block Grant funds.

As of June 30, 2008, there is \$1,291 of unspent Section 108 loan proceeds remaining. A summary of Section 108 loans outstanding as of June 30, 2008 is a follows:

		Pro	ent Loan ceeds as of	Lo	Outstanding oan Balances as of
CFDA #	Grant Loan Program	June	30, 2008	Ju	me 30, 2008
14.218	Section 108 Note - Fresno Pacific Towers	\$	283	\$	-
14.218	Section 108 Note - Regional Medical Center		1,008		2,015,000
14.218	Section 108 Note - Fresno-Madera Area Agency on Aging		-		1,105,000
14.218	Section 108 Note - Neighborhood Streets/Parks				1,285,000
		\$	1,291	\$	4,405,000

# Notes to the Schedule of Expenditures of Federal and Nonfederal Awards For the Year Ended June 30, 2008

# Note 4: Office of Criminal Justice Planning Programs Disclosures

# CITY OF FRESNO **Schedule of Findings and Questioned Costs** For the Year Ended June 30, 2008

#### Section I - Summary of Auditor's Results

#### Financial statements:

Type of auditor's report issued:

Unqualified

Internal control over financial reporting:

Material weakness(es) identified?

No

Significant deficiency(ies) identified not considered to be material weaknesses?

Yes

Noncompliance material to financial statements

noted?

No

#### Federal Awards:

Internal control over major programs:

Material weakness(es) identified?

No

Significant deficiency(ies) identified not considered to be material weaknesses?

None reported

Type of auditor's report issued on compliance

for major programs:

Unqualified

Any audit findings disclosed that are required

to be reported in accordance with

Section 510(a) of OMB Circular A-133?

No

#### Identification of major programs:

CFDA No. 14.218	Community Development Block Grant
CFDA No. 14.239	HOME Investment Partnership Program
CFDA No. 20,106	Airport Improvement Program
CFDA No. 20.205	Highway Planning and Construction
CFDA No. 20.500 / 20.507	Federal Transit Cluster
CFDA No. 16.588	Violence Against Women/Law Enforcement

CFDA No. 16.588

Specialized Units Program

Dollar threshold used to distinguish between

Type A and Type B programs:

\$1,475,090

Auditee qualified as a low-risk auditee?

No

# CITY OF FRESNO Schedule of Findings and Questioned Costs For the Year Ended June 30, 2008

# Section II - Financial Statement Findings

Finding 08-01: Utility Billing Receipts

As part of the information gathering process and understating of the Utility Billing system, we noted that the general ledger software used by the City is PeopleSoft, while the utility billing software is HTE (SunGard). Currently, HTE does not automatically interface with PeopleSoft and in order to post utility billing revenue a manual journal entry is required. The posting of this journal entry is a multi-step process: daily revenue is posted to a "suspense" account in PeopleSoft, while a monthly revenue report is generated by HTE and based on this report; "actual" revenue is transferred from the suspense account to the revenue accounts. No reconciliation is performed between the suspense account revenue accounts to ensure proper recognition of utility revenue.

#### Recommendation

We recommend that the City create an automatic interface between the HTE System and PeopleSoft or purchase a system where the Utility Billing automatically posts to the general ledger. Until that time, we recommend that the City establish a procedure to reconcile the amount posted to the suspense account with the amount posted to the revenue accounts to ensure utility revenue is properly recognized and recorded.

#### Response

The H.T.E. (Sungard) system creates 40 nightly reports, some for information only, others detailing various activities (Refund process, reverse payments...) from the previous day. The Utility Billing Balancing Worksheet shows various reports (14 of 40) of activities that may or may not occur on a daily basis. The Cash Update Listing report (1 of 14) details the collection of payments received from various sources (IVR, C2G, Point of Sale...) at the customer level. The Cash Update report summarizes the receipting of those revenues based on the receivable codes identified by the various divisions (Water, Sewer...). The revenues identified in H.T.E. are verified in PeopleSoft (through a manual process). The reconciling process basically involves the use of the Cash Update Listing less any transactions not considered revenue. These are then compared to entries made in PeopleSoft and with credit card transactions, including timing differences. The City is actively working toward developing an interface between HTE and the PeopleSoft System such that manual adjustments and the labor intensive manual reconciliation process could be expedited or automated entirely. Due to the complexity of the HTE system and the numerous codes utilized, the system must be analyzed in its entirety prior to any system changes being proposed. The total reconciliation of the two systems between one another is certainly a top priority for the Finance Department with dedicated resources being assigned to this project.

### Section III - Federal Award Findings and Questioned Costs

None reported.

## CITY OF FRESNO Summary Schedule of Prior Audit Findings Year ended June 30, 2008

#### Finding 2006-1: Inventory and Valuation of Capital Assets

The City does not consistently perform an inventory of all capital assets owned as required per A-102 Common Rule.

#### **Status of Corrective Action**

This finding was corrected.

#### Finding 2007-1: Accounts Payable and Retentions Payable for Construction Projects

A liability related to services rendered for a wastewater construction project, including retention, as of June 30, 2007 was not properly accrued for at fiscal year end, which resulted in an audit adjustment. The City did not capture this liability during the City's year-end search for unrecorded liabilities due to payment made through wire transfer, and the City's procedures only capture liabilities paid via check.

#### **Status of Corrective Action**

This finding was corrected.
